# APGNN Annual Report to Membership 2016

Ryan Shonce, RN, MSN, FNP-C

President APGNN

Thanks to our Sponsors!

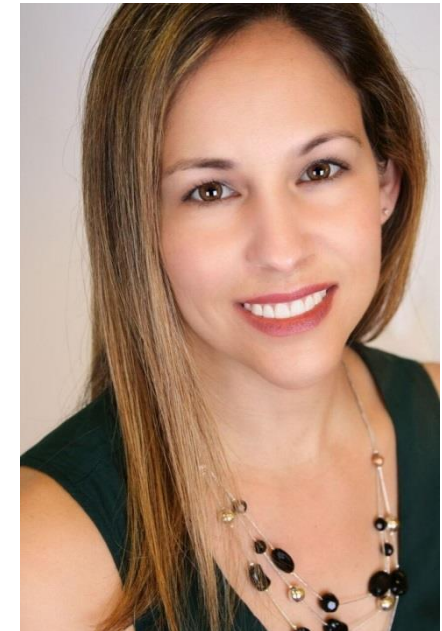

Recognized leaders in pediatric GI nursing and family education by members, physicians and healthcare consumers

## President /Executive Board

- Supports the Mission Statement of APGNN
- With the treasurer and committee chairs of APGNN, determines the annual budget
- Pursues fund raising for APGNN through industry grant support
- Serves as APGNN's representative to NASPGHAN and NASPGHAN Foundation
- Participates in APGNN Program development
- Invited APGNN Representative on NASPGHAN IBD Committee

Ryan Shonce, MSN, FNP  
President APGNN

Recognized leaders in pediatric GI nursing and family education by members, physicians and healthcare consumers

## Strategic Plan

- The APGNN action plan aimed at increasing APGNN membership acquisition, engagement, and retention
  - Creation of a Listserve supported through NASPGHAN
  - Increasing APGNN involvement on NASPGHAN committees
  - APGNN collaboration with NASPGHAN, CPNP,PCG
  - Continued creation of educational offerings to our members free of charge as a member benefit.
  - Pursue advancement opportunities through certification

Recognized leaders in pediatric GI nursing and family education by members, physicians and healthcare consumers

## 6-12 Month Goals

- We have improved our APGNN membership experience by relying more on support from the NASPGHAN office
- With support from NASPGHAN administration we did successfully launch the APGNN Listserve, a membership benefit that has been consistently requested for many years.
- APGNN members will continue to serve on NASPGHAN committees.
- Increased engagement in recent NASPGHAN Advocacy efforts and plans to continue to make this a priority as much as possible

Recognized leaders in pediatric GI nursing and family education by members, physicians and healthcare consumers

## 6-12 Month Goals

- We worked closely with Dr. Heubi, and the Montreal organizer, Yee Fun Wong in regard to World Congress planning.
  - International venue resulted in unique challenges but has been an excellent opportunity for collaboration
- APGNN, CPNP, and PCG have created the first day of our 2016 Annual meeting as a multidisciplinary collaborative including all groups.
  - We will work to create a more formalized process to make future planning efforts more streamlined and transparent.

Recognized leaders in pediatric GI nursing and family education by members, physicians and healthcare consumers

## 1-3 Year Goals

- Reviewing archived webinars and applying for RN continuing education hours for members.
  - Unfortunately since APGNN members were not on faculty, this is not possible for past offerings
  - Future projects will have APGNN representation and we are also pursuing other avenues for CEU credit
- Moving forward all material produced through NASPGHAN will be submitted for nursing education hours along with CME and RD hours.
  - NAPNAP as well as the Boys Town Education department are willing to work with NASPGHAN and APGNN moving forward as these educational opportunities are presented. APGNN will need to be part of the process at the time the project is initiated in order for the application to be processed.
- Ongoing involvement with NASPGHAN committees
- Professional development opportunities

Recognized leaders in pediatric GI nursing and family education by members, physicians and healthcare consumers

## Overall Outcomes

- We have increased our rate of new membership applications significantly since the annual meeting through the following initiatives:
  - Buy 3 Get One Free-intended for NASPGHAN members and institutions that support their nurse's membership
  - APGNN Membership Booth at NASPGHAN-space complimentary from NASPGHAN
  - Handbook of Pediatric Gastroenterology 2<sup>nd</sup> ed. Available for purchase while supplies last.

Recognized leaders in pediatric GI nursing and family education by members, physicians and healthcare consumers

## Overall Outcomes

- Our organization successfully negotiated a membership agreement between APGNN and NAPNAP (National Association of Pediatric Nurse Practitioners).
  - The agreement allows members to join both organizations and receive a 20% discount as a result of dual membership.
  - APGNN currently works closely with NAPNAP as the provider for our Annual Meeting CEU's.
  - APGNN was an Invited guest at NAPNAP Annual Conference

Recognized leaders in pediatric GI nursing and family education by members, physicians and healthcare consumers

## Overall Outcomes

- APGNN does not have the member numbers or resources to pursue formal certification at present
  - Numerous other options to improve engagement and advancement do exist and will be explored in the near future

Recognized leaders in pediatric GI nursing and family education by members, physicians and healthcare consumers

## Challenges

- Our infrastructure and lack of formal structured administrative support has made budgeting difficult.
- Technology challenges in relation to website support and features
- All volunteer board, it is often difficult to move projects and initiatives forward due to limited resources both financial and human.

Recognized leaders in pediatric GI nursing and family education by members, physicians and healthcare consumers

## Secretary/Treasurer

- Accurately records the minutes of all meetings
- Prepares budget, maintaining fiscal responsibility
- Maintains a current financial report
- Prepares records for accountant for taxes

**Rosemary Pauley-Hunter, APRN**  
Secretary/Treasurer APGNN
